

JAWZ™ MOUSE, RAT, & CHIPMUNK TRAPS

DIRECTIONS:

- 1 Insert the bait of your choice in the bait reservoir.
- 2 Press trap open with hand or foot. It will click when it is set.
- 3 Place set trap against a wall where rodents run. Red **TRAP SET WHEN UP** warning is readable when trap is against a wall with bait reservoir closest to wall.
- 4 Hold the trap over the trash and press the trap open to release and dispose of the trapped rodent. **NO NEED TO TOUCH THE DEAD RODENT.**

EASY TO SET:

1 Insert bait in the reservoir.

2 Press to set trap with your hand or with your foot.

3 Place set trap against a wall.

4 Press to set trap with your hand or with your foot.

● Green on top - "GO"
Set the trap

● Red on top - "STOP"
Trap is set

JAWZ™ DEPOT™ COVERS

DIRECTIONS:

- 1 Open the Jawz™ Rat or Mouse Depot™ cover and insert the bait of your choice in the Jawz™ Rat or Mouse Trap bait reservoir.
- 2 Close the Jawz™ Rat or Mouse Depot™ cover and press the trap open. You will hear a click when the trap is set and see the red **TRAP SET WHEN UP** indicator through the cover opening.
- 3 Place the set trap along the wall where Mice, Rats, Voles and Chipmunks run.
- 4 Hold over the trash and press the trap open to release and dispose of the trapped rodent. **NO NEED TO TOUCH THE DEAD RODENT.**

REPLACING THE TRAP:

*Ensure trap is not set before replacing.

- 1 Pull outer rear tab to open Jawz™ Rat or Mouse Depot™ cover.
- 2 To remove trap, pull outward on inside tab while firmly lifting back of trap until it is clear of clip.
- 3 Hold middle of trap and twist to pull, one side at a time, out of the side clips.
- 4 Remove trap from cover completely.
- 5 Insert new trap by sliding the back of trap under the inside tab clip.
- 6 Press firmly on front end of trap until both side clips snap into place.
